

## DriTec 4000i Desiccant Dehumidifier

The smartest, simplest, and best performing compact desiccant

The new DriTec 4000i from Dri-Eaz is the most versatile desiccant available on the market today. The unit is highly portable and easy to maneuver on its semi-pneumatic wheels, and can even be used on its back for low-clearance areas (perfect for crawlspaces). For smart desiccant drying, choose the DriTec 4000i.

Item #F533  
\$3,295 Suggested List U.S. Funds

### Product Features

- Smart controls deliver optimized performance
- Onboard humidistat control and pints-per-day display
- 33% smaller than closest competitor
- Equipped with Positive Thermal Coefficient heaters for better efficiency, safety and longer life. No other restoration desiccant uses this technology!
- Sturdy and highly portable – even works on its back for low-clearance areas
