

Surveymaster

The industry's best-selling dual-function moisture meter.

The Surveymaster is a versatile pin and non-invasive meter designed for comfortable, one-handed operation, allowing you to assess moisture levels and plot moisture migration in a wide variety of materials quickly and accurately. Plus, the Surveymaster's patented new Reference mode can be used to compare readings to standards you set based on the situation.

Product Features

- Large easy-to-read backlit display
- Rugged, restoration-ready construction
- Pin moisture measurement
- Non-invasive systems measures moisture up to ¾ in. (20mm) below the surface
- Instant readings in a wide range of building materials

Item #F522
\$630 Suggested List *U.S. Funds*

Product Specifications

Weight	8 oz. 225 gm
Dimensions (L x W x H)	7.5 x 2.75 x 1.9 in. 190 x 70 x 49 mm
Power	One 9V battery (included)
Display	Backlit LCD
Maximum pin penetration	0.4 in. 10 mm
Pin moisture measurement range	8–99%WME. Readings over 30% are relative.
Pinless (non-invasive RF) measurement range	60–1000 (relative). Measures up to ¾ in. (19 mm) deep.
