

## Rescue Mat System

### Dry hardwood flooring fast!

The Dri-Eaz Rescue Mat system lets you dry out water-damaged hardwood flooring safely and effectively and avoid costly replacement. The Rescue Mat System uses the power of a high-pressure blower like the DriForce (purchased separately) to vacuum water vapor right through the surface of the floor. Two mat sizes make it easy to custom fit your Rescue Mat System to any floor layout.

### Product Features

- Setup is fast and simple with just one hose connection per mat
- Two panel sizes for mix-and-match versatility

Item #F286  
\$629 Suggested List U.S. Funds
